## January, 2010 Young Professional of the Month

Our inaugural young professional of the month for our newsletter is Jon Scott. Jon is a NSCA certified personal trainer as well as a senior in the School of Tourism and Hospitality Management at Temple University. Jon will be graduating with a bachelor's of science degree in Sport and Recreation Management in August of 2010.

Jon was selected as the young professional of the month because of his work record in the field and his educational background. Jon has been a personal trainer for almost 1 and ½ years and has been involved in the sport industry for most of his life. Jon works for a private personal training company in Phoenixville, PA. On top of his work Jon's studies have centered on the Sport Industry at Temple. Jon will be engaging in an internship this summer at an undecided location working with collegiate or professional strength and conditioning coaches and finalizing his education.

Jon has also shown a great deal of community involvement by volunteer coaching with a local youth lacrosse league for the past 3 years and giving back to the community he grew up in.

*Our Young Professional of the Month for January 2010 is Jon Scott.*
